

Supporting **undergraduates** from **lower socio-economic backgrounds** to build their **dream career**.

Founded in 2012 with an initial cohort of 39 students, upReach has grown to support around 3,000 students annually.

WHAT DO WE OFFER:

-  **1-to-1 coaching**
-  **CV & application reviews**
-  **Mock interviews**
-  **Industry mentoring**
-  **Exclusive employer events**
-  **Exclusive work experience**

OUR PROGRAMMES:

You can choose your career interests from our programme areas: **Banking, Insurance, Law, Engineering, Tech, Accounting & Professional Services, Government & Public Sector, Media & Communications, Charity & Social Impact, and Retail & Consumer Goods.**

Once enrolled, you'll be assigned a personal Programme Coordinator based on your interests and will start building your employability skills!

OUR MISSION

We support undergraduates from lower socio-economic backgrounds to access and sustain top graduate jobs. Working in close partnership with leading employers and universities, we currently support 3,000 students each year.

WHAT DO WE DO?

Our programmes provide you with free 1-to-1 career support, personally tailored to your needs. Together, we will help you discover different career options, develop your employability skills and secure work experience at top employers across the UK!

£30,000

average salary of upReach graduates in highly-skilled full-time employment

+£3,500

upReach graduates earn an avg. salary that was £3,500 higher than graduates from a similar background*

* comparison with 2019 HESA Statistics

upReach has been life-changing for me. My 1.5 years as an upReach Associate has brought me nothing but development, opportunities and success.

Throughout all my applications, they have been there to help me come across as best as I can in written applications, prepare for interviews, putting my nerves at ease and celebrating all my little and big wins

- Batul, upReach Associate, Queen Mary University of London

CORE ELIGIBILITY CRITERIA:

All Associates on our programme must meet our minimum eligibility criteria of only attending UK state schools prior to university and having a household income below £42,620.
